We have ample arrangements for 500 students during the current year. Parents can make liberal conditions for their sons if they apply soon. Those from the country can board with good families, speaking English, French, Spanish or German, at \$25 to \$35

English, French, Spanish or German, at \$25 to \$35 per month.

A business education that enables one to earn \$2000 or \$3000 annually, is the best fortune parents can give their sons. As the College has been in suc cessful operation for more than a quarter of a century, and the practical plan here pursued received the unanimous commendations of the press and business community, and as several thousands of its former students are now in business in this city and over the country, it is keemed useless to go into an extended explanation of the plan or merits of the Institution tution
So far as known, not one of the many thousanks of former students is now out of employment, and so far as known no tone in a thousand of those who

have been sent for years to Europe or the North, is qualified on returning home to enter a business house, although thousands of dollars have been ex-pended on his education. A word to the wise is The city is now healthy. Persons from years of age attend such branches as they may wish. By having a special Professor for each branch, three fourths of the student's time is saved. Those three fourths of the student's time is saved. Those who have entirely neglected their edecation for the past years can here be prepared for any situation in business, whether as Book-keeper, Merchant or Clerk, in from three to six months. The Agricultural and Mechanical Departments will be opened as authorized by the Charter, as soon as suitable Professors are secured to take charge of them. Nothing is now so much needed in the South as scientific education in these departments of industry, which produce the wealth of the country. Students intended for this College should bring this circular or special directions, as ever winter there dents intended for this College should bring this circular or special directions, as ever winter there are temporary establishments opened. Young students should put their funds in the hands of their merchant, or the President of the College. Citizens and strangers are invited to call. College office, Room No. 7.

RUFUS DOLBEAR, Prest.
